The League's multi-year efforts to pass Proposition 1A and strengthen the position of local governments is having its intended effect:

- No state take-aways were contemplated in 2005.
- The VLF Gap Loan was repaid one year early in 2005.
- Mandate payments to cities were made in 2005-06 — many for the first time in years.
- Starting in July 2006, the ERAF shift of 2004 and 2005 will end, resulting in \$350 million per year in restored revenue for cities that is fully protected by Prop. 1A.
- Cities and counties achieved full funding of Proposition 42 for transportation projects (\$252 million) for the first time since voters passed this measure in 2002.

Our mission is to restore and protect local control for cities through education and advocacy to enhance the quality of life for all Californians.
